KOGEI: Connecting the World Nov. 8 (Fri) ~ 1 2 (Tue)

Rocky Shoreline V2 Dennis Farrell

This exhibition is being held for the first time to further international friendship and exchange between Japanese and British KOGEI artists. Artists in ceramics, glass, and wood from both countries will be exhibiting in Kyoto, the mecca of KOGEI artists for many people around the world. Our goal is to make this an annual event and grow the scale so that many friendships will be born between artists from both countries.
